

Students Take 1st Step in Korda Project

8th grade students from World Language Middle School visited Kitchen of Life on Friday, April 21, 2023. These students will learn from the business owner what need the business has. Students will return to school to tackle this issue. Later, the students will work with the business owner to share their findings and make their recommendations.

Korda Institute for Teaching is a 501(c)3 nonprofit whose mission is to transform schools. Korda Institute works with hundreds of educators globally to change the way teachers teach and students learn in urban & rural public districts, career tech programs, and schools of all types.

Teacher Leaders for this initiative are Ms. Ottobre and Mr. Cimino
