PROFESSIONAL AND CONTINUING EDUCATION

# Math Routines that Promote Mathematical Fluency and Access for All

## **DATE & TIME:**

Tuesday, August 23, 2022

9:00 AM - 3:30 PM ET

Participate in-person on BC's campus  
or remotely through Zoom

## **Presenters:**

Janamarie Sunkle & Polly Wagner

**Register today!**

**Participants will engage with math content through four different instructional routines in this one-day workshop.**

After engaging with the routine, participants will learn the rationale and research behind each one. The workshop will also offer some time for participants to explore materials and plan upcoming routines.

**All participants will be granted a certificate of completion and 10 Professional Development points to apply to their professional development plans.**
