### **Full Description:**

### **Eligibility:**

- See RFP and/or Grant Guidelines for full eligibility

### **Additional Eligibility Criteria:**

Any district or independent school participating in the National School Lunch Program (NSLP) is eligible to apply.

To qualify for a Salad Bars to Schools grant you must offer the salad bar as part of the reimbursable meal served in your district. The 6-foot, five-well salad bar package is for locations that serve at least 100 reimbursable meals daily.

Verification and signature forms must be signed by both the food services director and the superintendent before your application can be approved.

**Pre-Application Information:** It can take up to 12 months for your salad bar(s) to be fully funded depending on the number of schools waiting in the queue as well as donations made directly to your district. Once you receive notice that your district has been fully funded, your salad bar(s) should arrive in approximately 4-6 weeks.

Districts can apply for multiple salad bar packages at once. Please note that only one SB2S salad bar grant is allowed per school site. Districts that have been approved for multiple salad bars may receive an initial notice that funds have become available for some, but not all, of their salad bars; these will be shipped in approximately 4-6 weeks. The remainder of the salad bars will ship once they become fully funded.

The food services director for your district is the required contact person for the application. Please see the FAQs page if your school does not have a food services director.
