WEBSITE: ccsoh.us/EastgateES

PHONE: 614-365-6132

COMMUNITY: Region 3 - East

EMAIL: eastgatees@columbus.k12.oh.us

SCHOOL VISION: One hundred percent of our scholars will meet or exceed grade-level expectations.

SCHOOL MISSION: At Eastgate Elementary, we Motivate, Educate, Empower Scholars!

DRESS CODE: Tops - white shirts, polo or oxford. Bottoms - black or khaki.

WHAT MAKES THIS SCHOOL OUTSTANDING:

Eastgate Elementary is part of the East High School feeder pattern and we have community access to neighboring parks, recreational centers and arts facilities. Our students are "walking into their destiny," with each step that they take. Our proud colors & dress code (campus wear) is a hallmark of an Eastgate Tiger! We have formed collaborative partnerships with several community agencies and businesses to develop programs which will impact the learning experiences for our scholars.

SPECIALTY LEARNING OPPORTUNITIES/CURRICULUM:

At Eastgate, every instructional leader works together to build strong classroom environments where all scholars learn and grow. Through coaching, professional development, and team collaboration, staff focus on purposeful instruction and continuous improvement. The school prioritizes strategies like trauma-informed teaching, restorative justice, and MTSS, supported by family wrap-around services and a dedicated family ambassador. This holistic approach drives academic growth and fosters a culture of support, excellence, and belonging.

Eastgate Elementary is proud to be one of six CCS Health Sciences Academies (HSA), where students explore careers in health and medicine through hands-on learning activities. Each year, students showcase their skills at the Health Science Fair. Located in the heart of the historic Eastgate community, the school blends tradition with innovation.

STUDENT ACTIVITIES/SPORTS:

The Health Sciences Fair, Parent University, Daddy/Daughter Dance, Mom Prom (mom/son dance), winter and spring musical concerts and a variety of field trips!

COMMUNITY PARTNERSHIPS:

Community partnerships play a vital role in shaping the Eastgate Elementary experience. Through the Health Sciences Academy Pathway launched by The Ohio State University and Eastside PACT, students engage with real-world health and science concepts early on. Local organizations like the Faith Clinic Community Church, Hands-On Central Ohio's Foster Grandparent Program, and Health Practitioners of Ohio Health bring mentorship, wellness support, and care into the school building. Enrichment partners like Girls on the Run, The Franklin Park Conservatory, the Columbus Zoo, and Spruce Run Farms expand learning beyond the classroom. With support from The Village Network and the Eastgate Garden Civic Association, students feel connected, supported, and part of a thriving community.

SCHOOL LEADERSHIP:

Latasha Bah, Principal
