WHAT MAKES OUR SCHOOL OUTSTANDING:

The Ohio School Report Card reflects continued significant gains in reading and math achievement making Lincoln Park the place to be for a high-quality education. We are a family-oriented school serving students in PreK through sixth grades. It is our vision to open the door to opportunity for all children.

SPECIALTY LEARNING OPPORTUNITIES/CURRICULUM:

At Lincoln Park Elementary, students engage in a rigorous, well-rounded curriculum built on Ohio's Learning Standards. Core subjects—reading, language arts, math, science, and social studies are taught through a lens of critical thinking, problem solving, and communication. Literacy is woven into every subject, with students exploring diverse texts that build both skill and imagination. Every lesson supports college and career readiness, ensuring students are challenged, supported, and prepared to succeed.

STUDENT ACTIVITIES/SPORTS:

Many opportunities for student and parent involvement are provided throughout the school year. These include field trips, talent shows, recognition assemblies, multi-cultural events, Right to Read Week, Dr. Seuss Day, field day, Children's Theatre performances, Columbus Zoo visits, art and music programs, Student Council, Spelling Bee, Invention Convention, school choir, and instrumental music.

FAMILY SUPPORT AND RESOURCES:

At Lincoln Park, families are essential partners in student success. Throughout the year, parents are invited to join in school traditions like the ice cream social, back-to-school parade, talent shows, and music programs. They connect with teachers during conferences, open houses, and monthly parent meetings focused on school improvement. Families also support learning by volunteering for field trips, classroom activities, and the spring community garden project. Whether cheering at assemblies or helping in the garden, Lincoln Park families stay engaged and connected.

COMMUNITY PARTNERSHIPS:

Lincoln Park benefits from a strong network of community partners that support student learning and wellness. Local organizations like Community Development for All People, Nationwide Children's Hospital, Barack Recreation Center, and the Columbus Metropolitan Library provide vital resources, health services, and enrichment opportunities. As part of Columbus City Schools, Lincoln Park also has access to districtwide partners such as the Columbus Crew, Franklin Park Conservatory, Columbus Zoo and Aquarium, COSI, and more—bringing hands-on learning and real-world experiences directly to our students.

SCHOOL LEADERSHIP:

Vera Babbs, Principal
