

Assigning Lessons in Achieve3000

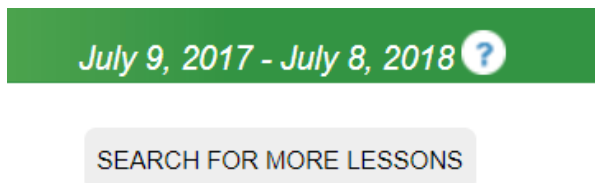

Step 1: Under the Lesson Carousel on the Homepage, select “Schedule My Lessons.”

Step 2: Choose the “Month” view.

Step 3: Choose “SEARCH FOR MORE LESSONS.”

Step 4: Type in the topic for which you want to search. If you would like to do a more detailed search by standards, grade, course, etc., choose “Advanced Search.”

Step 5: After finding the desired article, drag and drop the title to the date in which you want the article to first be available to the students. Be sure to adjust the “end date” of the article, otherwise, it will only be available for the one day that you assigned. To do, click on the title of the article and change the date.
