

Mr, Secrest's students:

For my 7th grade science class: They can join Ms. Dietsch's google classroom (join code = immdsl3) and she will get me there work. She is also going to send you work for all seventh graders to post on the website.

My 8th grade science class: They can join Ms. Wilkin's google classroom (join code = kskhbeh). She will hand me any assignments that they hand in.

My 8th grade social studies class: Ms. Carter said I could use the work she is providing.

My 7th grade social studies class: Mr. Decker said I could use what he posted.

My 6th grade science class: Mr. Peters said I could use what he posted.

The students can always e-mail me there work at esecrest5179@columbus.k12.oh.us when they are complete.

I hope all this makes sense!

Stay safe:

Mr. Secrest
