Read “Ife” found at <https://www.ancient.eu/Ife/> and watch the embedded video.

Using the RACE method, write a paragraph on the following. The rainy jungle environment of West Africa destroyed much of the older architecture that was made of earth and wood. Early historians compared the lack of architecture to stonier ruins in drier climates like in Rome and Athens and assumed African achievements were less than empires found in Europe. So why was the discovery of the metal artwork at Ife so important to history?
